***RE: Indonesia's Ratification of the Covenant and  
Failure to Submit its Initial Report***

Dear Chairman Govindasamy:

The twenty-two (22) Submitting Organizations that have signed this letter below extend our deepest appreciation for the continued efforts and contributions of the Committee on Economic, Social and Cultural Rights (CESCR) to the defense and protection of the rights of indigenous peoples around the world. *It is with this in mind that we write to you today regarding the Government of Indonesia and respectfully request that you urgently remind the government to submit its overdue "Initial Report" as required after ratification.*

With great hope we applauded our government's long-awaited ratification on 23 February 2006 of the International Covenant on Economic, Social and Cultural Rights. We were confident that the Covenant, the rights it affirms, and the accompanying work of your Committee could all play a part in advancing the rights of indigenous peoples in Indonesia which sadly, and as confirmed recently

by the Committee on the Elimination of Racial Discrimination, still have not found adequate protection under our country's policies and legal framework to date.<sup>1</sup>

Unfortunately, we have also followed with great disappointment the fact that over five and a half years have passed and Indonesia still has not submitted its *Initial Report* as required by the Covenant which should include both its 'common core' document and 'treaty-specific' documents.<sup>2</sup> We are also unaware of any current efforts within the Government to prepare this report and in doing so, undertake collaborative consultations with civil society actors and indigenous peoples to ensure that its content is comprehensive, transparent, accurate, and representative of the current situation in Indonesia.

We deem the submission of this report as a critical step toward the Committee's engagement with the Government of Indonesia and in the efforts of so many in Indonesia to ensure that the Government takes the necessary steps and makes the required reforms to guarantee the respect, protection, and enjoyment of all the human rights affirmed in this Convention.

To this end, we respectfully request that your Committee urgently send a letter to the Government of Indonesia reminding it of its obligations to prepare its *Initial Report* in a participatory manner and present it prior to your next session or at least no later than within six (6) months. We further encourage you to accompany this letter with a request that the Government take special measures to include a detailed section on the steps it has taken to protect the rights of indigenous peoples within its policies and legal framework and in particular, address how its current Merauke Integrated Food and Energy Estate project (being undertaken in Merauke, Indonesia) as well as its Kalimantan Border Oil Palm Mega-Project (along the Indonesia-Malaysia border) are being implemented in a manner that is consistent with its duties and obligations under the Convention. This should include the State's duties with respect to Article 15 (protecting indigenous peoples' right to their culture and ancestral lands), and Article 11 (protecting their right to food) and this Committee's General Comment 12 on the same.

These two large-scale land projects are very emblematic of the Government's treatment of indigenous peoples – in law and in practice. Each has been the

<sup>1</sup> *Concluding observations of the Committee on the Elimination of Racial Discrimination: Indonesia*, 15/08/2007. CERD/C/IDN/CO/3, para. 17.

<sup>2</sup> CESCR, "Guidelines on Treaty-Specific Documents to be Submitted by States Parties under Articles 16 and 17 ff the International Covenant on Economic, Social and Cultural Rights", E/C.12/2008/2 (24 March 2009).

subject of urgent communications to one or more of the Committee on the Elimination of Racial Discrimination and the Special Rapporteur on the Right to Food (the former issuing a strong opinion on the Kalimantan project) (*see attachments*).<sup>3</sup> It is our belief that the Government's explanation of these projects in the context of a description of its domestic legal framework dealing with indigenous peoples can aid the Committee in its eventual review of the human rights situation in Indonesia and in its formulation of recommendations and consideration of technical assistance it might offer to Indonesia in the near future.

We further request that at the Committee's 47th session held from 14 November to 2 December 2011, the Committee take a decision to place the review of Indonesia's *Initial Report* and implementation of the Convention on its calendar as soon as possible.

Once again, we thank you for all of the efforts you have undertaken on behalf of indigenous and other marginalized peoples around the world. We are ready to participate actively in the years to come as you engage with Indonesia, its government and its people.

Respectfully yours,

Abetnego Tarigan  
Executive Director
